[18:29] <splattoon7> Kappa  
[18:29] <sirnoble> lol @splattoon7  
[18:30] <yaanu1> I think the next time that a drinking stream happens, Phil needs to have a set of drinking-game rules to keep himself drinking over the course of the stream, rather than just taking occasional sips.  
[18:30] <leelookorben5the> Ohhhh, Texas  
[18:30] <chrishansenscookies> or v8 drinks  
[18:30] <kovorus> All my exes live in Texas

[18:32] <kozatof> @leelookorben5the you said ahaha vodka. Is that good  
[18:32] <eternia\_forever> @iradiumviking yeah that is what i was thinking  
[18:32] <yaanu1> @iradiumviking Like I said, Phil needed something to keep him drinking over the course of the stream, rather than whenever he was thirsty.  
[18:32] <thatanonyraccoon> Pops sounds like the microphone on the PS4 controller  
[18:32] <leelookorben5the> I've never had it @kozatof  
[18:32] <jetset3000> usb is bitching

[18:34] <jetset3000> ye  
[18:34] <pinkdam> what are your thoughts on the number of USB devices Phil has connected?  
[18:34] <majinboo3> phil was bad at overwatch when he was playing it every week let alone when hes drunk as fuck

[18:35] <electrumguy> wow, he is horrible at overwatch lol  
[18:35] <kozatof> @leelookorben5the Iâ€™ll give you tour when you come over  
[18:35] <shousan> @Yaanu1 It's easily calculated. If Phil weighs more than 80 kgs he can easily consume 14 cl

of 100% alcohol which converts to 6-8 beers and he would feel nothing (unless allergic)

[18:35] <thatanonyraccoon> @majinboo3 he's buzzed lol, i think he could legally drive right now

[18:35] <snipertheladiesman> feeding the enemy

[18:35] <zangba> Wish Phil would play Competitive

[18:35] <thatanonyraccoon> he should have bought a breathalyzer

[18:35] <snipertheladiesman> 1v6ing yhe enemy is not good

[18:35] <bernielomax517> Lol

[18:35] <leelookorben5the> I'm wondering why it would come up anyway @Pinkdam - I'm assuming the PS4 only has a couple, so therefore it should support all USB ports dspShock

[18:35] <majinboo3> in china they say chick chang wang

[18:35] <ellffyman123> cheer1 cheer1 cheer1 cheer1 cheer1 cheer1 cheer1 cheer1 cheer1 cheer1 would you recommend purchasing santas butt (the beer)

[18:36] <leelookorben5the> my aunty has been to Izhevsk @kozatof apparently it is nice?

[18:36] <yaanu1> @Shousan That's interesting. Phil says he weight around 150lb, which is around 68 kg.

[18:36] <yaanu1> At least, I vaguely recall him saying so.

[18:36] <kozatof> @leelookorben5the itâ€™s not bad

[18:36] <majinboo3> what phil said he weights 200 lol

[18:36] <yaanu1> also, I meant "weighs". Kappah

[18:37] \* FugFknMugly just subscribed with Twitch Prime!

[mod=0;msg-id=sub;msg-param-months=1;msg-param-sub-plan-name=Channel\sSubscription\s(darksydephil);msg-param-sub-plan=Prime;room-id=261767;subscriber=0;turbo=0;user-id=86102881]

[18:37] <yaanu1> Right, I'M the one who weighs 150 pounds. KappaHD

[18:37] <nikiboo32\_> he cant wight 150 with the way he looks he would need to be really short for that ammount of fat to be present at 150pounds

[18:37] <nikiboo32\_> just saying

[18:37] <kozatof> Phil weighs enough to be a big guy

[18:37] <yaanu1> So should we assume he weighs 200 lb/90 kg?

[18:44] <factorbactorjr> @Yaanu1 to be fair you can be godly with a console controller and very quick, but precision is the issue  
[18:44] <lacroixbbboi> so weird, hearing people trying to have a conversation and one person defiantly refusing to engage  
[18:44] <kozatof> @theycallmetxt how was last Jedi

[20:37] <i\_came\_here\_to\_something> @Zahvone To an extent. Sometimes the opposing opinions can be too much. But these days most people are ready to go for blood if someone even disagrees on a small thing w/ them :/

[20:37] <popsicolo> MORTARS WutFace  
[20:37] <pigpc> @staticmesh\_wav I'm gonna write to my congressperson  
[20:37] <leonaras> @I\_Came\_Here\_To\_Something Sure i am, its the exct same situation as in harry potter. people tiptoe around the name of the main antagonist and it creates more of an issue than just accepting the word and using it regularly. in the uk the word Cunt was considered incredibly offensive until people used it so fucking much that it lost its meaning. People need to let fucking go and accept a basic sticks and stones mentality. This world is far too full of snowflakes at the moment.  
[20:37] <kozatof> @darksydephil call yourself king of politics  
[20:37] <shega\_ace> what did you ask for Christmas from your loved ones and what events are happening in your families? :)

[20:41] <cookiemonster414> if there is one thing i dont like about phil is his distain for pewdiepie cause from all ive seen hes not a bad guy.

[20:41] <i\_came\_here\_to\_something> @Leonaras I agree with that to a large extent, but you're not gonna convince people their emotions are wrong by belittling their emotions. That's part of what I meant earlier w/ people thinking they should have authority over other people's feelings. It's almost kinda a form of thought policing.

[20:41] <zahvone> Honestly I think it would be great for him to get on H3, I never thought about that.

[20:51] <pikatits> ScaredyCat  
[20:51] <timboslicebg> fuck fornite  
[20:51] <zahvone> Fortnite is great  
[20:52] <zahvone> I like that you can play cross-platform.  
[20:52] <blue\_blur64> Probably will just use the PS4's streaming service. I don't want to bother setting up my  
capture software for that. It's a mess brownLUL  
[20:52] <zahvone> It's not too difficult. what are you running?  
[20:52] <blue\_blur64> Not that kind of mess  
[20:52] <blue\_blur64> I mean a literal mess  
[20:52] <zahvone> Kappa  
[20:52] <zahvone> Wow  
[20:53] <zahvone> Haha, yeah I want to upgrade from Elgato HD60 to the Pro card, or the 4k60 card so I can  
just use HDMI / Displayport  
[20:53] <zahvone> Less cables and such  
[20:53] <blue\_blur64> Give you an idea. Right now I have my laptop on a chair right next to my bed (laying  
down right now).  
[20:54] <zahvone> I just have one machine lol  
[20:54] <blue\_blur64> To set up my capture, I'd have to put the HDPVR2 on the chair, put my laptop on my bed,  
and have it connect with the max distance between the console, tv, and laptop  
[20:54] <zahvone> My Ryzen stream machine. I use it with OBS and my capture card, so it's all in one system. It  
gets the job done lol  
[20:54] <blue\_blur64> There's literally no space for anything else in here  
[20:54] <zahvone> Oh god, yeah I had an HDPvR2 Gaming edition +. It's pretty good for what it is, but there's  
just so many cables man  
[20:55] <zahvone> I feel you, I've been there. I'm running out of space right now as it is lol  
[20:55] <blue\_blur64> I had no space to begin with once I left college, this room is really small xD  
[20:55] <zahvone> I don't even have half a room to work with. I just have a small corner  
[20:55] <zahvone> :( lol
